

# Peace Lutheran Church

## SMALL GROUPS

Small groups are an essential part of our Christian journey here at Peace. It is an opportunity to connect with believers outside of worship and dig deeper into different studies; this is also a time of bonding. Small groups also provide an avenue of services that impact our community. We, as Christians, develop closer interpersonal relationships as we live out our faith. Small groups can meet at church, in homes or at other outside locations.

If you are not currently in a small group and would like to join one, please fill out the contact form. Drop it in the collection plate or at the church office. A SPARK team member will contact you as we find a group for you.
